

GOO-FAR[®]

FUEL FILTRATION SYSTEMS

WPS 560

Fuel Filter & Water Separator

WPS Series Filters 100 % compatible with Diesel , Biodiesel and Gas

MODEL	WPS 560
In – Out Port	1/2"
Flow Rate	max. 560 lts. / hr.
Horse Power	600 - 1.200 HP
Water Separation	100 %
Particulate Separation	20 micron
Dimensions	12cm x 13cm x 35cm

- * **Cleanable-Reusable Unique Filter Element**
- * Provides Reliable Power – Optimal Fuel Quality
- * Extend the LifeTime Of The Fuel In Your Tank
- * Eliminates Microbial Growth
- * Multiplies the Lifetimes of Injectors & Pump
- * Minimum Weight – Compact Design
- * Perfect Performance with Gas - Biofuels
- * Easy-Quick-Simple Maintenance
- * Chemically – Physically High Resistant Clear Bowl
- * Water Sensor Alarm Kit (optional)
- * Heater-Thermostat (optional)

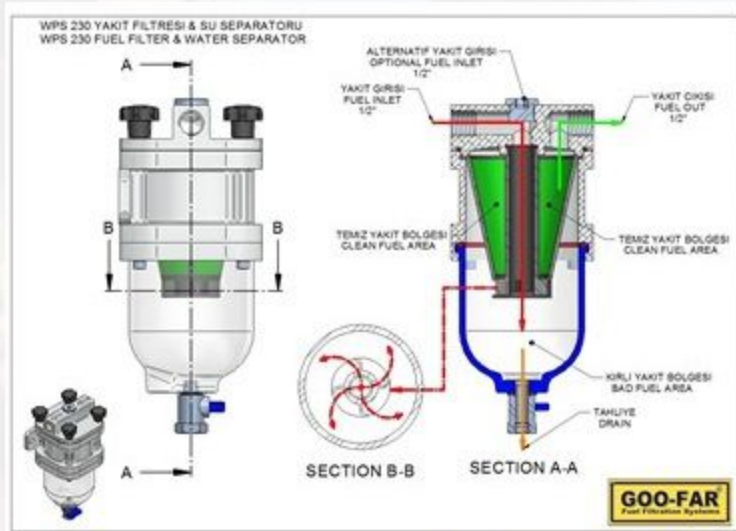

GOO-FAR[®]

FUEL FILTRATION SYSTEMS

WPS 230

Fuel Filter & Water Separator

WPS Series Filters 100 % compatible with Diesel , Biodiesel and Gas

MODEL	WPS 230
In – Out Port	1/2"
Flow Rate	max. 230 lts. / hr.
Horse Power	200 - 600 HP
Water Separation	100 %
Particulate Separation	20 micron
Dimensions	12cm x 13cm x 30cm

- * **Cleanable-Reusable Unique Filter Element**
- * Provides Reliable Power – Optimal Fuel Quality
- * Extend the LifeTime Of The Fuel In Your Tank
- * Eliminates Microbial Growth
- * Multiplies the Lifetimes of Injectors & Pump
- * Minimum Weight – Compact Design
- * Perfect Performance with Gas - Biofuels
- * Easy-Quick-Simple Maintenance
- * Chemically – Physically High Resistant Clear Bowl
- * Water Sensor Alarm Kit (optional)
- * Heater-Thermostat (optional)

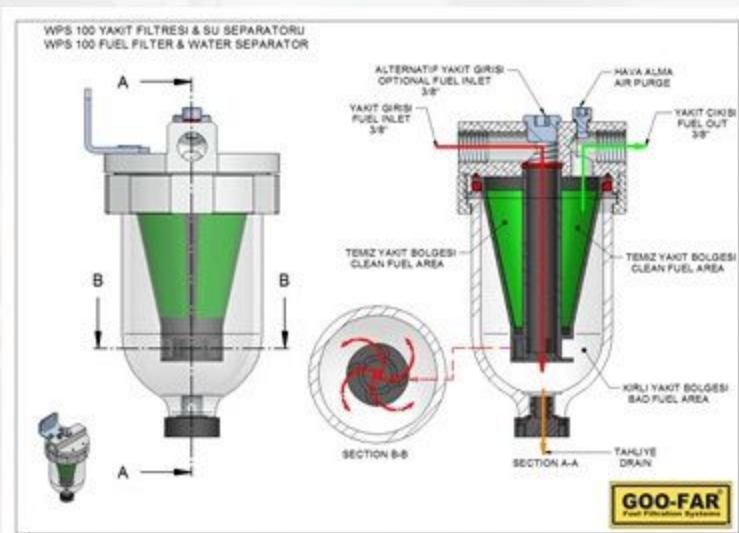

GOO-FAR®

FUEL FILTRATION SYSTEMS

WPS 100

Fuel Filter & Water Separator

WPS Series Filters 100 % compatible with Diesel , Biodiesel and Gas

MODEL	WPS 100
In – Out Port	3/8"
Flow Rate	max. 100 lts. / hr.
Horse Power	0 - 200 HP
Water Separation	100 %
Particulate Separation	20 micron
Dimensions	8cm x 9cm x 17cm

- * **Cleanable-Reusable Unique Filter Element**
- * Provides Reliable Power – Optimal Fuel Quality
- * Extend the LifeTime Of The Fuel In Your Tank
- * Eliminates Microbial Growth
- * Multiplies the Lifetimes of Injectors & Pump
- * Minimum Weight – Compact Design
- * Perfect Performance with Gas - Biofuels
- * Easy-Quick-Simple Maintenance
- * Chemically – Physically High Resistant Clear Bowl
- * Water Sensor Alarm Kit (optional)
- * Heater-Thermostat (optional)
